Dear Mr. Coste,—The annexed is a bill of the cost of rations supplied to the 63rd Battalion by their officers on the occasion of the funeral of the late Premier. Expecting the landing to take place in the forenoon, the men were warned for 9 o'clock a.m., and it was not thought advisable to dismiss them until the duty was performed, and consequently the officers provided lunch for them. I have no way of making it a charge against the Militia Department, but I think it would be a fair charge to be paid by the committee having charge of funeral arrangements. I trust you will give it favourable consideration.
